REVOLUTIONARY Ball-Koat BLANKETS

Glass-Beaded Newspaper Drawsheet

Glass-Beaded Surface
Longer Life and Performance
No Stretch Two-Ply Fabric
Proven in Newspaper Service
Perfect for B & W or Color

Uniform Coverage
Excellent for Solids or Half tones
Non-Slip Back Prevents Walking
Piles Won't Blister or Separate
Excellent for Letterpress or Litho

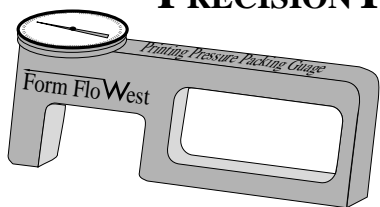

Ball-Koat Glass-beaded newspaper Drawsheets offer the best of two worlds: a rugged cladding of some 45,000 glass beads per sq. in. (7,000 per sq. cm) over a no-stretch two-ply fabric. The beaded surface prevents fabric show-through and provides just the right hardness for optimum letterpress performance in both B & W and color (its tendency to reject ink makes it ideal for Litho as well) The tough fabric body maintains drawsheet dimensions and strength through many long runs at high speed. Its non-slip backing eliminates walking and its precise gauge insures uniform paper transport.

Ball-Koat newspaper drawsheets are available in the following gauges and prices:
